Welcome to the ninth annual People Plus Senior Health Expo!

This has been a year like no other — so we are bringing you an Expo like no other as well!

If you are getting a little older — and who isn't?! — then this is the place for you to learn everything you need to know for the best years of your life! We are honored to bring you this innovative and amazing way to connect with over 60 vendors, organizations, and businesses who serve the ever-increasing senior population of the Midcoast.

During this online event, you will find something for everyone, including health care, housing options, transportation solutions, hospice and end-of-life guidance, exercise opportunities, how to improve your hearing, what insurance program is best, how you can stay longer in your home as you age, and answers to all your questions on where to live, what to eat, technology, and more!

These days of the pandemic are often challenging, so thank you for joining us as we come "together" for this lovely opportunity to "visit" with each other virtually and learn something new at the Senior Health Expo "AT HOME" with People Plus, the Center that Builds Community.

We hope you'll join us by visiting our website, [www.peopleplusmaine.org](http://www.peopleplusmaine.org), on Nov. 10. Find the article on the front page and click on the link to the Expo website. Here you will find a list of exhibitors. Click on the one you want to know more about and you'll find a description, their contact info and links to a video if available.

You can also visit the PeoplePlusMaine facebook page to see live videos during the day.

Can't visit on Nov. 10? That's OK — the information will remain up on our website all year!

Thanks for "tuning in" and joining us!

## Video selections keep folks informed and entertained

As we all came together to survive this global pandemic, we realized that communication and engagement were going to be the two big challenges for our senior community. In an effort to combat isolation and disengagement which can lead to depression, People Plus is staying connected with a wide array of videos.

One of the more popular videos is Executive Director Stacy Frizzle-Edgerton's Community Update video, providing information on local community news and services, fun activities to do while home, and current events both locally and at the state level.

In addition, all of our classes have been made into free videos. Members can maintain routines with their favorite instructors right from home. Videos include Art class, Zumba, Loosen Up, Tai Chi, Qigong, Yoga, Chair Yoga, Meditation and more.

People Plus also offers dozens of videos featuring guest hosts and instructors. With topics designed to entertain and engage, these videos

include exploring nature, book readings, bee-keeping, birdwatching, gardening, building a sauna, cold water plunging, healthy nutrition tips, cooking shows and so much more.

As a bonus addition to all of these great videos, the historical library of People Plus presentations is available free of charge. There are lectures by Sen. Angus King; Captain Kirk of the Zumwalt; Clayton Rose, the president of Bowdoin College, and much more.

With nearly 12,000 views to date, our videos have become popular locally and abroad. We even have a fan base on the Scottish Isles!

We hope our members will be able to keep up their routines, and that others will try something new. You can share these videos with your favorite parent or grandparent wherever they are!

Our free videos are all available on the People Plus Vimeo or YouTube channels, and many will air on Brunswick TV3 & Harpswell TV14.

If you have an idea for a video, please contact Stacy Frizzle-Edgerton.

## It's back! Red wheelbarrow signals start of food drive

Here's the deal: With the colder weather, more activities are carefully taking place inside the Center. Despite all the changes taking place, there is one thing that hasn't been altered — the return of the little red wheelbarrow!

Yes, the annual campaign is underway to collect non-perishable food for the Mid Coast Hunger Prevention Program, this being the 12th edition of such a worthy cause.

Please place your donations in the red wheelbarrow located near the lobby. People Plus collects the items for MCHPP and delivers them in bulk every week. Brunswick's nonprofit community food bank lists canned soups, fruits and vegetables, peanut butter, and baked beans as items that are in constant need, and people wanting to donate money directly to MCHPP may do so, as well.

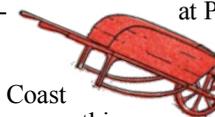

Final figures from last year's event totaled 910 items weighing

1,024 lbs, surpassing the 1,000-pound goal, along with \$50 in donations.

"There is certainly a need to help others, and we greatly appreciate the donated items from everyone," said Sarah Deck, office coordinator at People Plus and an organizer of the food drive. "The issue of hunger is of real concern, so anything we can do to help others is greatly welcomed."

The upcoming holiday seasons occurring in November and December also increase the need for items like boxed instant potatoes, cranberry sauces, and canned gravy. Boxed "helper" mixes, both hamburger and tuna, are also useful to help fill anticipated holiday wishes.

So please help us fill up the little red wheelbarrow over and over again. The more trips to MCHPP we make, the better. And in advance, thank you very much for your donations!

## Medical equipment loan helps everyone!

Do you have a temporary need of a little support? A wheelchair, crutches, a walker, shower and toileting devices? The People Plus Center maintains a "lending inventory" and it's ready when you are. "It started almost by accident," explained Frank Connors, the retired Center staffer who in the past usually hauled the surplus equipment up and down the stairs to a basement storage area, "We had members who'd used this equipment and no longer needed it, they offered it to us, we saw the need and the opportunity, and away it went!" Now, on a regular basis, members needing equipment to keep them safe and secure at home have a new source of access. "Everyone wins," Connors said. "We ask people to bring it in clean and in working condition," he added, "we take care of the rest." If you have a specific need, or equipment to loan to the program, call or come by the Center. You do not need to be a member to borrow equipment.

## Bridges Feel Good Story

I am so pleased to tell my story recommending Bridges Home Services.

As a retired nurse, I have the skills to assess what I feel is a well organized and successful home care company such as Bridges Home Services. I want the best care available for my husband that meets his needs and makes him comfortable. I found this attention to detail from our initial contact with Jo-Ann P. Sincyr, Assistant Regional Coordinator for Bridges Home Services. My husband expressed his needs, in detail, and Jo-Ann listened intently and "matched" us to the perfect Personal Support Specialist. The Personal Support Specialist fits right in with our schedule and we are very pleased with her prompt arrival, her attention to detail, willingness to spend time listening to my husband's comments and stories. As my husband's primary caregiver, these services allow me to have time away from my home to attend appointments, errands, etc. – this gives me time to meet my needs and know my husband is being cared for in my absence.

I highly recommend Bridges Home Care for your home care services.

Sincerely  
Donna, R.N.

I willingly allow Bridges Home Care to use this information publicly.

# Get on the move with People Plus!

At People Plus, we are here to help you get moving. With a long list of exercise class options to choose from every week, there is no shortage of activities to help you become and stay active throughout the entire year.

With the current situation involving the coronavirus pandemic and its restrictions, the Center has been conducting classes outdoors during the good weather of summer and fall. Continuing to follow Maine CDC protocols, these are carefully being moved inside at our Union Street facility. We are continuing our theme of "physically distanced, socially connected!"

The classes at the Center are varied and designed specifically for the bodies of a senior adult. Someone who is getting a little older may not be as loose and limber or trim and fit as they used to be, and certainly may not have the same range of motion or strength at this stage of their lives. But none of those are reasons to not exercise. They are actually why anyone should undertake exercise, and starting a program is super easy at People Plus.

Here are some of your options at People Plus (being held on-site, on Zoom or via

videos):

- Chair Yoga, once a week
- Yoga, twice per week
- Loosen Up, strength and flexibility training three times per week
- Gentle Barre, once a week
- Zumba, dance your way to fitness once a week
- Tai Chi, this gentle flowing class meets once a week
- Qigong, channel your energy once a week
- Outing Club, meets Wednesday mornings

All of these options are fun, accessible to everyone at all fitness levels AND all of our classes at the Center are free the first time - so you can try it out!

Or if you just want to try it from home, we have an entire video library available at "People Plus Maine" on vimeo.com with hundreds of exercise classes, programs, and more! Try any class - any time - from the comfort of your home for FREE!

Sooooo, come on down to People Plus OR stay at home - either way we hope you'll give it a try! Let's stave off the winter blues, scare away that winter weight, and end up next spring feeling happy, healthy and connected!

# VTN drives an important service

The Volunteer Transportation Network (VTN) has been a valuable service provided by People Plus for several years. But the importance of this vital program has greatly increased because of the coronavirus pandemic.

In order to keep people safe, VTN has gone from its initial mission of giving rides to appointments and other locations to now offering a shopping and delivery service to our homebound seniors, picking up food items, supplies, and even prescriptions and taking them to their doors.

In recognition for such a fantastic job, the drivers of the VTN program were named 2020 Volunteers of the Year at People Plus.

With volunteers being the heart and soul of People Plus, it is customary for the Center to present Volunteer awards annually. Very little could be accomplished without these important people. While one person is usually recognized, in 2020 it was important to highlight ALL of our volunteer drivers.

"The volume of calls has grown tremendously since the arrival of the pandemic," said VTN Coordinator Lynne Smith. "Without these wonderful volunteer drivers, this program wouldn't exist. Their generosity cannot be measured. They are unbelievable in what they do."

Serving adult residents of Brunswick, Harpswell, Topsham, and the surrounding region, VTN's numbers tell a remarkable story: in the last fiscal year, there have been nearly 3,000 provided rides, covering more than 31,000 miles. Since mid-March, when stay-at-home orders started, nearly 1,000 deliveries have been made by VTN drivers. The program currently has 570 riders signed up and

**OUR FRONTLINE VOLUNTEERS HAVE SAVED THE DAY** since Covid hit. The drivers immediately switched gears and began delivering food, masks, prescriptions and supplies. Many of our homebound elders would not have survived without this amazing bunch of folks.

92 drivers.

One of those drivers is Hugh Hardcastle of Harpswell. Talking about the VTN program, Hugh said, "It allows people to stay in their homes longer and safely. It also allows people to get around (to needed appointments). For me, I get to meet a lot of people that I otherwise would have never met. I get to know people and I enjoy that."

Karon Salch of Brunswick is another volunteer driver. "After joining People Plus, I saw the opportunity for drivers and I said, 'I can do this.' Because of the pandemic, people are reaching out. Some are pretty isolated, so this

is a way of checking in," Karon said.

"The people I meet are amazing," Karon continued. "There's a great level of trust when you're doing shopping for them. It's very personal. It has kept me very busy and I'm enjoying it."

"The VTN program does a lot of different things for me," said volunteer driver Donor Dorr of Brunswick. "It organizes my retirement life and it allows me to interact with other people. We talk and share and I really enjoy that."

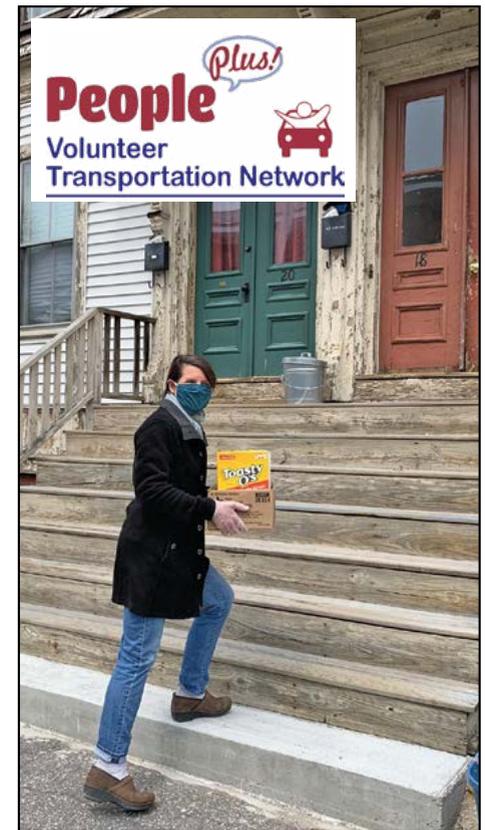

All this also couldn't be accomplished without our sponsors. They include Rusty Lantern Market, United Way of Mid Coast Maine, Spectrum Generations, Maine Community Foundation, Maine Women's Giving Tree, Norway Savings Bank, Linda Cronkhite and the Suzan Wilson & Daniel McLaughlin family. Thank you so much!

"The VTN program is another way for all of us to stay connected. The help these drivers provide is just wonderful," said People Plus Executive Director Stacy Frizzle-Edgerton.

If you need help with the VTN program, contact Lynne by calling and leaving a message at People Plus (207-729-0757), email at [driver@peopleplusmaine.org](mailto:driver@peopleplusmaine.org) or visit our website at [www.peopleplusmaine.org](http://www.peopleplusmaine.org). More drivers are always needed. Again, get in touch with Lynne if you would like to be a part of this great team!

**VTN VOLUNTEER AND PEOPLE PLUS BOARD MEMBER CHRIS CORRIVEAU** is seen here giving a ride to Brunswick resident Dottie Moody.

**VTN VOLUNTEER SARAH DECK**, who is also our very own office coordinator, delivers food to a home-bound participant.

# Staying Together as You Age

## MID COAST-PARKVIEW HEALTH

*By Carrie Pelletier, BSN, RN, and  
Director of Nursing at Mid Coast  
Senior Health*

Transitioning from independence to assisted living is a major life change for any adult, but it is not a shift you or your loved one need to make alone. At Mid Coast Senior Health Assisted Living at Thornton Hall, residents have the option to move into any one of our private apartments with an adult companion, including spouses, partners, or siblings.

Our “Companion Care” option may be the right choice for adults who desire freedom from tasks such as grocery shopping, yard maintenance and monthly bills, and have a live-in loved one requiring a higher level of care. For resident companions, moving into Assisted Living at Thornton Hall is an opportunity to stay connected with their loved one and reduce daily stressors, while still maintaining their independence and privacy.

Having companions has also been linked with better health. According to a study conducted by the National Poll on Healthy Aging, more than one third of seniors surveyed felt a lack of companionship at least some of the time, and more than one fourth said they sometimes or often felt isolated. Those who felt isolated also reported poorer physical health than non-lonely people.

In general, assisted living communities are a good option for seniors who are too healthy to be confined to a hospital or nursing home, but have a chronic illness that requires professional monitoring. Appropriate candidates for assisted living may also need help with activities of daily living such as bathing, dressing, and housekeeping.

Mid Coast Senior Health Assisted Living at Thornton Hall offers all of the above services, as well as a diverse array of daily activities, allowing residents to have an active social life, maintain healthy cognitive functioning, and develop new hobbies. Residents and resident companions are also able to maintain independence through measures such as keeping a personal vehicle onsite.

Resident companions have full access to our facility’s amenities such as meals, transportation, housekeeping and standard utilities, and if they do not require daily assistance or medical supervision from our staff, they can live at Thornton Hall for a fraction of the full monthly cost. Companion rates depend on the size of the apartment and the level of care needed.

Additionally, Thornton Hall is part of the larger Mid Coast Senior Health continuum of care, which also comprises Memory Care at The Garden, Nursing and Rehabilitation at Bodwell, and

## Together, always.

By offering a full-range of healthcare and living options, **Mid Coast Senior Health** enables individuals to live at the highest level of independence possible.

With companion rate plans, we welcome couples, siblings, and other loved ones to join each other, residing at the same location while receiving the level of care that’s best for them.

Long-Term Care at Mere Point. Moving in to Thornton Hall with your loved one ensures they will receive high-quality care, and also makes for a smooth transition to any one of our other communities if ever needed.

Ultimately, companion care offers you peace of mind that your loved one is receiving the care they need, while allowing you to remain

living together in a semi-private setting.

Our admissions team works with all new residents to determine a customized plan that best meets their care needs, and is able to answer any questions you might have about Thornton Hall or companion care.
